THE CHALLENGE

IN THE NEW MARKET FOR PROJECTS

IF YOU DON'T HAVE A GRIP ON THE NEW TOOLS

YOU WILL LOSE TO A COMPETITOR WHO DOES

RFI

THE ACID TEST-

THE DREADED “RFI”

RFI = REQUEST FOR INFORMATION

“HOLIDAY”

FROM AN RFI- “THE COMPANY SEEKS A LOCATION THAT WILL PROVIDE A HOLIDAY FROM....”

- PAYING RENT OR DEBT SERVICE
- PAYING PROPERTY TAXES

RENT OR DEBT SERVICE

EASY WAY-

“FINANCIAL ENGINEERING”

- INTEREST-ONLY PERIOD
- CAPITALIZED INTEREST

FINANCIAL ENGINEERING

FROM A RESPONSE TO AN RFI-

“THE DEVELOPMENT AUTHORITY WILL USE COMMERCIALY REASONABLE EFFORTS TO STRUCTURE THE FINANCING FOR THE PROJECT SO THAT THE COMPANY WILL ENJOY A PERIOD OF TWO YEARS WITHOUT MAKING ANY LEASE PAYMENTS.”

- IMPORTANT- SPECIFY THAT THE FINANCING IS ON A “CONDUIT” BASIS

RENT OR DEBT SERVICE

HARD WAY-

FROM AN RFI- “THE COMPANY WOULD LIKE FOR THE DEVELOPMENT AUTHORITY TO OWN THE PROJECT AND LEASE IT TO THE COMPANY. THE COMPANY DOES NOT WANT ITS CREDIT USED IN THE FINANCING.”

DEVELOPMENT AUTHORITY PROJECT

BEST CASE- THIS BECOMES A DEVELOPMENT
AUTHORITY PROJECT

- “JUST SIGN A LEASE”

“BACK-DOOR G.O.”

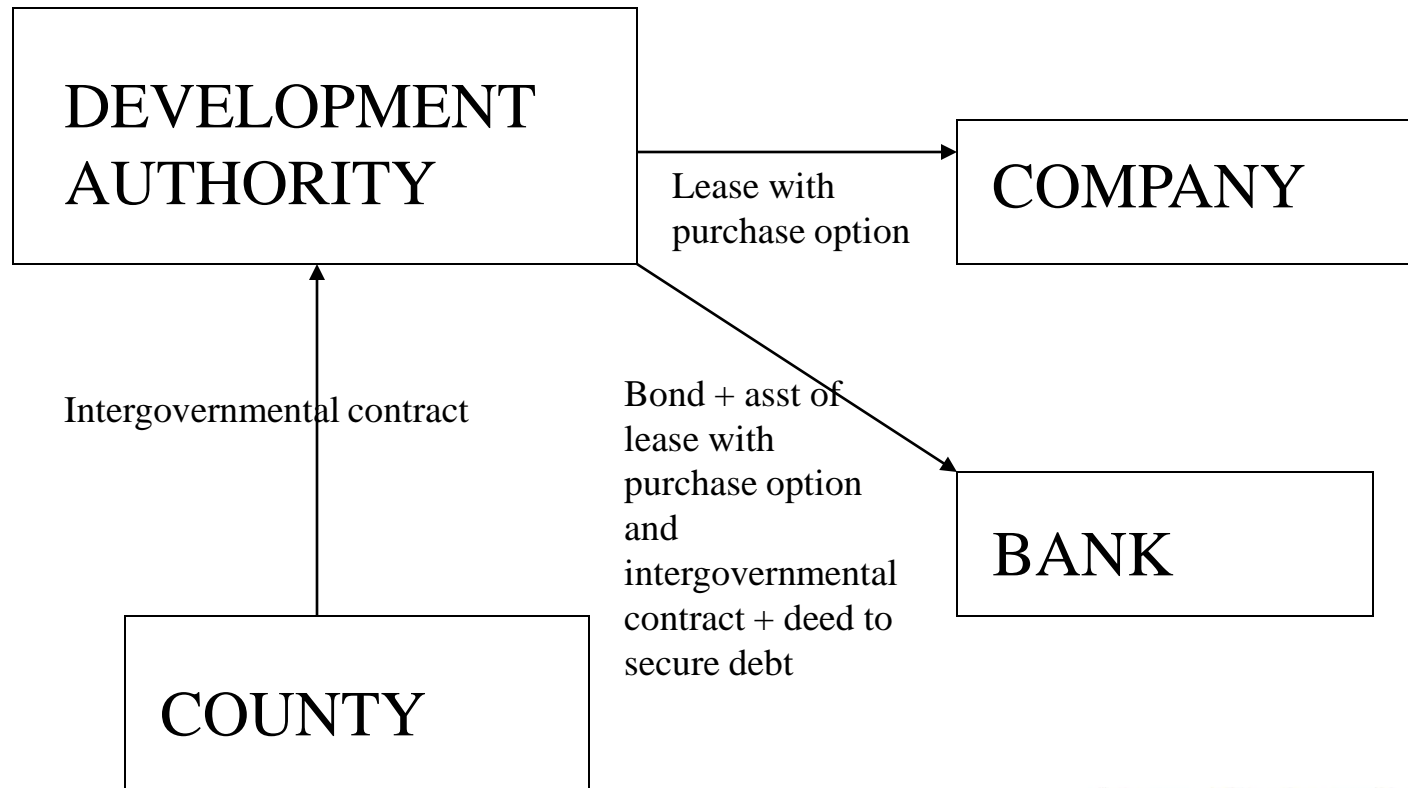

WORST CASE- “BACK-DOOR G.O.”

G.O. = GENERAL OBLIGATION BOND

BACK-DOOR = NO REFERENDUM

- EXCEPTION- IF O.C.G.A SEC. 36-75-11 APPLIES
 - DEKALB COUNTY

BACK-DOOR G.O. BOND STRUCTURE

CAVEAT

A LOT OF PROSPECTS ARE RUNNING AROUND NOW ASKING COMMUNITIES TO PROVIDE “BACK-DOOR G.O.” BOND FINANCING FOR THEIR PROJECTS. IF THE COMMUNITY DOES THIS, IT IS AT RISK.

ONE MAN’S OPINION:

ASK YOURSELF –

IS THIS PROJECT THE OPPORTUNITY OF A LIFETIME, AND IS THERE NO OTHER WAY TO GET IT?

HAS SOMEONE, LIKE A FINANCIAL ADVISOR, WORKING FOR THE DEVELOPMENT AUTHORITY, DONE DUE DILIGENCE AND CONCLUDED THAT THIS PROJECT WILL WORK?

PROPERTY TAXES

YES- IT IS POSSIBLE TO HAVE A PERIOD OF 100% “ABATEMENT”

- NONTAXABLE LEASE- NO PILOT PAYMENTS FOR THOSE YEARS
 - PILOT = PAYMENTS IN LIEU OF TAXES
- TAXABLE LEASE- O.C.G.A. SEC. 36-80-16.1(E)

NEW “ABATEMENT” LAW

O.C.G.A. SEC. 36-80-16.1(E)

“...Each county board of tax assessors shall continue, notwithstanding this Code section, to exercise its powers and discharge its duties and is specifically authorized, without limitation, to use a method or methods of valuation for leases related to revenue bonds or other revenue obligations issued by a local government authority for a capital project or projects to be leased primarily to a nongovernmental user or users, based on assessments of the increasing interest of the nongovernmental user or users in the real or personal property, or both, over the term of the lease, or to use a simplified method or methods employing a specified percentage or specified percentages of such leasehold interests....”

BEAT THE “HOLIDAY” POWER CURVE

RENT OR DEBT SERVICE

- GET AN IGA
- IGA = INTERGOVERNMENTAL AGREEMENT

PROPERTY TAXES

- HAVE A POLICY IN PLACE
- HAVE A PROTOCOL WITH THE ASSESSORS AND THE TAX COMMISSIONER

“FREE MONEY”

FROM AN RFI- “THE COMPANY REQUESTS GRANTS OR FORGIVABLE OR NON-FORGIVABLE LOANS.”

GIFTS AND GRATUITIES

“The forgiveness of loans made under the incentive loan program is clearly outside the scope of the legal powers of GHFA. Under the Constitution, the granting of any donation or gratuity or the forgiveness of any debt or obligation owing to the public is prohibited. Ga. Const. 1983, Art. III, Sec. VI, Para. VI (a). This provision of the Constitution applies to the operations of public authorities.”
1995 Ga. Op. Atty. Gen. 55

BEAT THE GRANT POWER CURVE

COST BUY-DOWNS

ANOTHER RFI REQUEST- “THE COMPANY REQUESTS TIF FUNDS TO BUY DOWN LAND AND SITE DEVELOPMENT COSTS.”

- LOWER COSTS MEAN BETTER ROI FOR THE COMPANY
- CAN MAKE THE DIFFERENCE BETWEEN “GO” AND “NO GO”

TAD

TIF = TAX INCREMENT FINANCING

TAD = TAX ALLOCATION DISTRICT

IN GEORGIA-

- TIF = TAD

What costs does a TAD pay?

TAD revenues are used to pay “redevelopment costs”, including costs for-

- The construction of any building or other facility for use in any business, commercial, industrial, governmental, educational, charitable, or social activity;
- The renovation, rehabilitation, reconstruction, remodeling, repair, demolition, alteration, or expansion of:
 - any existing building or other facility for use in any business, commercial, industrial, governmental, educational, charitable, or social activity;
 - public or private housing;
 - public works or other public facilities necessary or incidental to the provision of governmental services;
 - buildings or sites which are of historical significance;
 - public art and arts and cultural facilities;
 - structures, equipment, and facilities for mass transit,
 - telecommunication infrastructure;
 - facilities for the improvement of pedestrian access and safety;
- The preservation, protection, renovation, rehabilitation, restoration, alteration, improvement, maintenance, and creation of open spaces, green spaces, or recreational facilities;
- Improving or increasing the value of property; and
- The acquisition and retention or acquisition and disposition of property for redevelopment purposes or the use for redevelopment purposes of property already owned by a political subdivision or any agency or instrumentality thereof.

How Do I Create a TAD?

1. The General Assembly passes a local act authorizing the city or county to exercise redevelopment powers.
2. The voters within the city or county approve the exercise of redevelopment powers in a referendum.
3. The redevelopment agency (city or county, or a new agency created by the local government) submits a Redevelopment Plan for approval by the city or county.
4. After publishing notice, the city or county holds at least one public hearing within 60 days after the Redevelopment Plan is submitted.
5. In order to use tax increments of the county (for a city TAD) or the school board, their consents must be obtained. With school taxes, also need “impact analysis.”
6. After publishing another notice, the city or county adopts the Redevelopment Plan (within 45 days after hearings completed). There is no vote by general public, just by elected officials.
7. The TAD’s creation date is December 31 of year Redevelopment Plan approved or of a subsequent year as determined by the city or county. By the creation date, the redevelopment agency applies in writing to the state revenue commissioner for a determination of the tax allocation increment base of the TAD (as of TAD creation date).

BEAT THE TAD POWER CURVE

- GO AHEAD AND PASS A LOCAL ACT
- GO AHEAD AND PASS A REFERENDUM
- GO AHEAD AND DESIGNATE REDEVELOPMENT AREAS
- CONSIDER ALL OPTIONS TO “MONETIZE”

MONETIZATION

- “...when property taxes are “monetized”, TADs are just in the middle of the spectrum of choices.
- At one end of the extreme, potentially all of the property taxes can be monetized when PILOT Bonds (repayable out of payments in lieu of taxes) are used.
- TAD bonds are in the middle of the spectrum. This is because TAD bonds only monetize a “positive tax increment”, and only the positive tax increments of the property taxes of the jurisdictions that can, and do, participate.
- At the other extreme, when special tax districts, [or] Community Improvement Districts (“**CIDs**”) are used,, only the additional tax or assessment is used.”

THE BEST “FREE MONEY” IS MONEY THAT’S FREE TO YOU, TOO!

- OZ = OPPORTUNITY ZONE

OZ

A REAL PROJECT-

“...If Dendreon gains final FDA approvals, then creates the Georgia jobs within five years as promised, Green said, the company will qualify for incentives that include a \$3,500 tax credit for each new job created for five years for a total of just over \$9.6 million.... Dendreon would be the first company to locate into the new Union City Opportunity Zone, which as with the other eight Opportunity Zones created statewide over the past year, allows employers to claim per-job tax credits of up to \$3,500....Green said Dendreon will be able to take the tax credit against payroll withholding, since its tax liability is minimal in the absence of a drug-production operation, allowing the company to essentially hold onto the amount of the tax credit as cash rather than remit it to the state Department of Revenue — an incentive she said was especially attractive to Dendreon since it has yet to generate the tax revenue the state expects to receive when the plant is in full operation.” BioRegion News, August 21, 2009

OPPORTUNITY ZONE

Under the Opportunity Zone Jobs Tax Credit Program, the following incentives apply:

- a \$3,500 tax credit for five years beginning with the first taxable year in which the new full-time employee job is created and for the four immediately succeeding taxable years;
- the credit may be claimed against 100% of the employer's income tax liability and employee payroll withholding;
- a reduced threshold of 2 new jobs; and
- in addition to eligible “business enterprises”, the tax credit is available to businesses of any nature.

NMTC

FROM AN RFI- “THE COMPANY PREFERS A SITE THAT IS ELIGIBLE FOR NMTC FINANCING.”

INCENTIVE TO INVEST

“Credits are available to the investors in accordance with the following 7-year schedule- years 1-3: 5% of the amount of the QEI’s; years 4-7: 6% of the amount of the QEI’s. Thus, the credits amount to 39% of the investment at the end of the 7-year period.” December 2007 - "Memorandum- NMTC's and TEB's, New

RZB

FROM AN RFI- “ THE COMPANY PREFERS A SITE THAT IS ELIGIBLE FOR RECOVERY ZONE BOND FINANCING.”

INCENTIVE TO BORROW

“What incentive does the Recovery Act provide for using Facility Bonds? The interest on Facility Bonds is federally tax-exempt. This federal “subsidy” creates an incentive to finance private property constituting a Qualified Business within a Recovery Zone ...Facility Bonds are essentially a new tool for private sector borrowing.” August 2009-Quick Takes: Deadlines and Guidelines for Recovery Bonds

QUALIFIED BUSINESS

A “**Qualified Business**” is any trade or business except for the rental of residential rental property (i.e., multifamily) or the operation of any private or commercial golf course, country club, massage parlor, hot tub facility, suntan facility, racetrack or other facility used for gambling, or any store the principal business of which is the sale of alcoholic beverages for consumption off premises.

RECOVERY ZONE

The term “**Recovery Zone**” means: (1) any area designated by the issuer, in any reasonable manner and acting in good faith, as (a) having significant poverty, unemployment, rate of home foreclosures, or general distress, or (b) being economically distressed by reason of the closure or realignment of a military installation pursuant to the Defense Base Closure and Realignment Act of 1990, or (2) any area for which federal designation as an empowerment zone or renewal community was in effect as of the effective date of the Recovery Act.

FTZ

FROM AN RFI- “ WILL THE COMMUNITY SUPPORT THE COMPANY’S APPLICATION FOR AN FTZ ZONE OR SUBZONE?”

- FTZ = FOREIGN TRADE ZONE

INCENTIVE TO MANUFACTURE

“The FTZ program encourages U.S.-based operations by removing certain disincentives associated with manufacturing in the United States. The duty on a product manufactured abroad and imported into the U.S. is paid at the rate of the finished product rather than that of the individual parts, materials or components of the product.”

MEET CUSTOMS OVERSIGHT REQUIREMENTS

- Proper Customs oversight can be accomplished with physical and electronic means; and
- All electronically produced records are maintained in a format compatible with the requirements of the U.S. Customs Service for the duration of the record period; and
- The grantee/operator agrees to present merchandise for examination at a Customs site selected by Customs when requested, and further agrees to present all necessary documents directly to the Customs oversight office.
