Bank of America Charitable Foundation Grant

Grantor: Bank of America

Due: June 26, 2020

Information: The June grant theme is economic mobility focused on the needs of the community by addressing economic development and social progress. The grant is focused on two purposes:

1. **Expanding Access to Housing Opportunities:** Access to affordable housing remains a significant challenge in all our communities. For many, it is becoming further out of reach with more than 18 million households paying more than 50% of their income for housing. That is why we support nonprofit organizations as they work to preserve, and increase access to a mix of affordable housing options and connect low- and moderate- income individuals and families with the tools and resources to achieve their financial goals.
2. **Building Vibrant Communities:** Vibrant communities are places where individuals can thrive and succeed and have the opportunity to live and work with safe, decent housing, transportation to jobs, strong business corridors and thriving arts and culture districts. All of these are essential to an individual's overall economic mobility. For this reason, we support local and regional revitalization efforts that take a holistic approach to building thriving communities and creating economic opportunity and livable neighborhoods. This includes support of economic drivers such as arts and cultural institutions that contribute to the overall vitality of the community.

Innovations in Community-Based Crime Reduction Program

Grantor: U.S. Department of Justice (DOJ)

Due: June 11, 2020

Information: The Innovations in Community-Based Crime Reduction (CBCR) Program supports Department of Justice priorities to reduce serious and violent crime, including gun violence, dismantle gang activity, and strengthen local capacity to combat drug abuse. CBCR helps communities build trust and support law enforcement agencies working with these communities by integrating enforcement strategies into community-based crime reduction efforts and using this information to understand and target the issues. CBCR is a strategic approach to crime reduction that leverages community knowledge and expertise by focusing enforcement efforts on neighborhoods where crime is concentrated, or crime “hot spots.” These neighborhoods face a range of challenges which cause their crime problems, so CBCR employs a multifaceted approach that addresses their roots in order to generate long-term impacts. Under this program, DOJ will give priority consideration in award decisions to applications that demonstrate how this project will directly support **Project Guardian**, including a letter of interest from their U.S. Attorney. At a minimum, the letter should indicate that the applicant has discussed their plans to apply for this grant with the U.S. Attorney’s Office and agreed to regular communication with the Office to determine any potential for collaborative efforts with Project Guardian. For more information, please visit <https://bja.ojp.gov/funding/opportunities/bja-2020-17118>.

Eligibility: The following entities are eligible to apply:

- Units of local government
- Institutions of higher education (including tribal institutions of higher education)
- Nonprofit organizations (including tribal nonprofit organizations)
- Federally recognized Indian tribal governments (acting as a fiscal agent thereof)

Victims of Crime Act Grant Program (VOCA Georgia)

Grantor: Georgia Criminal Justice Coordinating Council

Due: August 14, 2020

Information: The VOCA Formula Grant Program, created under the 1984 Victims of Crime Act, provides federal funding to support victim assistance and compensation programs, to provide training for diverse professionals who work with victims, to develop projects to enhance victims' rights and services, and to undertake public education and awareness activities on behalf of crime victims. The Office for Victims of Crime (OVC) provides federal funds to support victim assistance and compensation programs around the country. The Crime Victims' Fund is the source of funding for these programs. Millions of dollars are deposited into the Crime Victims' Fund annually from criminal fines, forfeited bail bonds, penalties, and special assessments collected by U.S. Attorneys' Offices, federal U.S. courts, and the Federal Bureau of Prisons. To date, Crime Victims' Fund dollars have always come from offenders convicted of federal crimes, not from taxpayers. According to the 2016 VOCA Program Rules, direct services or services to victims of crime are defined as those efforts that (1) respond to the emotional, psychological, and physical needs of crime victims, (2) assist victims to stabilize their lives after victimization, (3) assist victims to understand and participate in the criminal justice system, or (4) restore a measure of safety and security for the victim. For the purpose of the VOCA Crime Victim Assistance grant program, a crime victim or victim of crime is a person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime. Generally, funding cannot be used for the investigation of crimes or collection of evidence to further the prosecution of crimes.

For more information, please visit <https://cjcc.georgia.gov/grants/funding-opportunities/current-grant-opportunities>.

Eligibility: Awards are limited to organizations that provide services to crime victims and are operated by a public agency, a nonprofit organization, or a combination of such agencies or organizations. Service provision must be available to crime victims regardless of victims' participation in the criminal justice system and immigration status. Please note any award made pursuant to this solicitation is dependent upon the receipt and availability of federal grant awards and any requirements or conditions attached thereto.

An eligible applicant must meet the following criteria:

- Be a non-profit organization or a public government entity
- Serve as the fiscal agent for the grant and the point of contact to CJCC
- Be responsible, liable, and oversee financial, program, and post-award reporting requirements
- Be certified and eligible to receive Local Victim Assistance Program (LVAP) 5% funds, and
