Distressed County Grants

Application Period: ongoing

Type: Grant

ARC awards grants to projects that address one or more of the five goals identified by ARC in its strategic plan and that can demonstrate measurable results. The five goals identified by ARC are Business Development and Entrepreneurship, Education and Training, Health Care, Physical Infrastructure, and Leadership Development and Civic Capacity. ARC targets special resources to the most economically distressed counties in the Region, using a measure of economic distress based on three economic indicators: three-year average unemployment rates, per capita market income, and poverty rates. Besides allocating funding to benefit distressed counties, ARC has established other policies to reduce economic distress. ARC normally limits its maximum project funding contribution to 50 percent of costs, but it can increase its funding share to as much as 80 percent in distressed counties. Georgia Tech
Enterprise Innovation Institute

Economic Development Research Program (EDRP)

Application Period: ongoing

Type: Technical Assistance Matching Grant

The Center for Economic Development Research at Georgia Tech's Enterprise Innovation Institute will be funding a new round of Economic Development Research Program (EDRP) projects and is looking for communities to submit their applications for research. The mission of EDRP is to assist local communities by providing affordable economic development and policy research to enhance their competitive positions. The types of research include strategic planning and visioning, economic forecasting, fiscal and economic impact analysis, community assessments, downtown development planning, and workforce analysis and planning to name a few. If your community has a need for economic development research, is willing to become actively involved in the project during the study phase and follow-up implementation, and is willing to provide some level of cost match, Georgia Tech and EDA want to partner with you to conduct the research. There are limited funds available and projects will be chosen based on local commitment, likelihood of implementation, level of cost match, and obviously a match with the capabilities of the research team at Georgia Tech. We look forward to getting your applications and partnering with you to meet your community's research needs.

All-America City Award

Application Period: 1/6/21-2/10/21

Type: Grant

The National Civic League is accepting applications for the 2021 All-America City Award. The 2021 theme is “Building Equitable and Resilient Communities.” This year’s awards will recognize communities that have worked to improve equity and resilience. Equity is the fabric that allows communities to achieve broad-based economic prosperity and other goals. Resilience enables communities to face challenging times by not only preserving what makes their community great but adapting and growing stronger. Both qualities depend on inclusive civic engagement. All-America City applicants for 2021 will be asked to discuss the strength of their civic capital—the formal and informal relationships, networks and capacities they use to make decisions and solve problems—and to provide examples of community-driven projects that have adapted and transformed the community to be more equitable and resilient.

Mobile Voting Pilot Program Grant

Application Period: 1/29/21-11/2/21

Type: Grant

Recent elections have highlighted a resilience gap in many jurisdictions’ election processes and the technical capacity to adapt to changing circumstances. Additionally, there are ongoing concerns about voter accessibility and the need for protections against voter intimidation. In light of these challenges, it is critical to advance the exploration of alternative voting methods that can strengthen the resilience of elections. The goal of this grant program is to identify and incorporate technologies that might both close the gap on concerns about and improve the resiliency of the election system. Through the generous support of Tusk Philanthropies, Secure the Vote will provide a grant to jurisdictions that seek to offer more secure methods for electronic ballot transmission and return.
