Community Facilities Direct Loan & Grant Program

Application Period: through 12/31/21

Type: Loan or Grant

This program provides affordable funding to develop essential community facilities in rural areas. An essential community facility is defined as a facility that provides an essential service to the local community for the orderly development of the community in a primarily rural area, and does not include private, commercial or business undertakings. Rural areas including cities, villages, townships and towns including Federally Recognized Tribal Lands with no more than 20,000 residents according to the latest U.S. Census data are eligible for this program. Funds can be used to purchase, construct, and / or improve essential community facilities, purchase equipment and pay related project expenses.

Broadband Infrastructure Program

Application Deadline: 8/17/21

Type: Grants

The Broadband Infrastructure Program makes grants on a competitive basis to covered partnerships for covered broadband projects. A covered partnership may include more than one provider of fixed broadband service as part of its application. Additionally, a provider of fixed broadband service may participate in more than one covered partnership. A provider of broadband service that is part of a covered partnership is not required to be designated as an eligible telecommunications carrier pursuant to section 214(e) of the Communications Act of 1934 (47 U.S.C. 214(e)). NTIA encourages municipalities, non-profits, or cooperatives that own and/or operate broadband networks to participate in this program as part of a covered partnership. NTIA's Broadband Infrastructure Program was established by the Consolidated Appropriations Act, 2021. In the priority order defined by the Act, NTIA will accept applications for projects that are designed to:

- Provide broadband service to the greatest number of households in an eligible service area
- Provide broadband service to rural areas
- Be most cost-effective in providing broadband service, or
- Provide broadband service with a download speed of at least 100 Mbps and an upload speed of at least 20 Mbps.

NTIA will group applications based on the priority above that each application addresses, and will sequence its review of application groups in the statutory order listed above.

NTIA is holding a [series of webinars](#) to further inform stakeholders about the program. The next Broadband Infrastructure webinars will be held on June 9 and 10.

Distressed County Grants

Application Period: ongoing

Type: Grant

ARC awards grants to projects that address one or more of the five goals identified by ARC in its strategic plan and that can demonstrate measurable results. The five goals identified by ARC are Business Development and Entrepreneurship, Education and Training, Health Care, Physical Infrastructure, and Leadership Development and Civic Capacity. ARC targets special resources to the most economically distressed counties in the Region, using a measure of economic distress based on three economic indicators: three-year average unemployment rates, per capita market income, and poverty rates. Besides allocating funding to benefit distressed counties, ARC has established other policies to reduce economic distress. ARC normally limits its maximum project funding contribution to 50 percent of costs, but it can increase its funding share to as much as 80 percent in distressed counties. Renaissance Strategic Visioning and Planning Process (RSVP)

Application Period: ongoing

Type: Technical Assistance

The Downtown Renaissance Strategic Visioning and Planning Process assists downtowns through the creation of a community-supported vision, plan, and implementation program. The RSVP is both a downtown master planning process and a downtown planning document that illustrates the community's vision for the future and provides the steps to get there. Driven by a robust public input process that seeks the participation of all community members, RSVPs help local governments and community partners prioritize top downtown issues and work to establish a consensus around what must be achieved in the short and long-term.

Georgia Tech
Enterprise Innovation Institute

Economic Development Research Program (EDRP)

Application Period: ongoing, reviewed on a rolling basis

Type: Technical Assistance Matching Grant

The Center for Economic Development Research at Georgia Tech's Enterprise Innovation Institute will be funding a new round of Economic Development Research Program (EDRP) projects and is looking for communities to submit their applications for research. The mission of EDRP is to assist local communities by providing affordable economic development and policy research to enhance their competitive positions. The types of research include strategic planning and visioning, economic forecasting, fiscal and economic impact analysis, community assessments, downtown development planning, and workforce analysis and planning to name a few. If your community has a need for economic development research, is willing to become actively involved in the project during the study phase and follow-up implementation, and is willing to provide some level of cost match, Georgia Tech and EDA want to partner with you to conduct the research. There are limited funds available and projects will be chosen based on local commitment, likelihood of implementation, level of cost match, and obviously a match with the capabilities of the research team at Georgia Tech. We look forward to getting your applications and partnering with you to meet your community's research needs.

Coronavirus State and Local Fiscal Recovery Funds

Application Period: 8/1/21-8/31/21

Type: Grant

Coronavirus State and Local Fiscal Recovery Funds may be used to invest in broadband infrastructure. Treasury's Interim Final Rule provides that investments in broadband be made in areas that are currently unserved or underserved—lacking a wireline connection that reliably delivers minimum speeds of 25 Mbps download and 3 Mbps upload.

Using these funds, applicants generally should propose broadband infrastructure projects with modern technologies in mind, specifically those projects that deliver services offering reliable 100 Mbps download and 100 8 Mbps upload speeds, unless impracticable due to topography, geography, or financial cost. In addition, applicants are encouraged to pursue fiber optic investments. In view of the wide disparities in broadband access, assistance to households to support internet access or digital literacy is an eligible use to respond to the public health and negative economic impacts of the pandemic, as detailed above. Treasury's Interim Final Rule encourages recipients to ensure that broadband projects use strong labor standards, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions.

Eligible applicants: Government Organizations including State Agencies, County governments, City or township governments, and Special district governments; and Georgia Professional Associations and Organizations including Industry Trade Associations, Business Organizations, and Trade/Professional/ Non-Profit Organizations.

Mobile Voting Pilot Program Grant

Application Period: 1/29/21-11/2/21

Type: Grant

Recent elections have highlighted a resilience gap in many jurisdictions’ election processes and the technical capacity to adapt to changing circumstances. Additionally, there are ongoing concerns about voter accessibility and the need for protections against voter intimidation. In light of these challenges, it is critical to advance the exploration of alternative voting methods that can strengthen the resilience of elections. The goal of this grant program is to identify and incorporate technologies that might both close the gap on concerns about and improve the resiliency of the election system. Through the generous support of Tusk Philanthropies, Secure the Vote will provide a grant to jurisdictions that seek to offer more secure methods for electronic ballot transmission and return.
