Deadline: Ongoing

Type: Loan Guarantee

The CDBG Section 108 Loan Guarantee Program is an economic and community development financing tool authorized under Section 108 of Title I of the Housing and Community Development Act of 1974, as amended. The program is a method of assisting non-entitlement local governments with certain unique and large-scale economic development projects that cannot proceed without the loan guarantee. In order to be eligible a project must meet all applicable CDBG requirements and result in significant employment and/or benefit for low and moderate income persons. Projects that are eligible for financing under existing federal, state, regional or local programs will generally not be considered for guarantee assistance unless the programs would fail to fully meet a project's need. <https://www.dca.ga.gov/community-economic-development/funding-programs/community-development-block-grants-cdbg/cdbg-section>

CDBG-CV Program

An allocation was made to states to “prevent, prepare for, and respond to” COVID-19 through funding from the Department of Housing and Urban Development (HUD). In total, Georgia received \$82,850,707 from HUD for the CDBG-CV program, including administration. Generally speaking, all typical federal requirements associated with CDBG funding apply to grantees and subgrantees. In addition to the CDBG regulations, DCA and its subgrantees must adhere to all additional requirements outlined in Federal Register Notice FR-6218-N-01. <https://www.dca.ga.gov/community-economic-development/funding-programs/community-development-block-grants-cdbg/cdbg-cv>

Redevelopment Fund (RDF)

Deadline: Ongoing

Type: Grant or Loan (Flexible Financial Assistance)

Recognizing that redevelopment projects can be the most challenging economic and community development projects a local government may undertake, the Redevelopment Fund (RDF) was created as a set-aside of Georgia’s non-entitlement CDBG Program. The RDF provides local governments access to flexible financial assistance to help them implement projects that cannot be undertaken with the usual public sector grant and loan programs. The RDF finances locally initiated public/private partnerships to leverage investments in commercial, downtown, industrial redevelopment, and revitalization projects that may not proceed otherwise. Unlike other DCA CDBG programs, the RDF uses the CDBG national objective of "eliminating slums or blight." As a result, many smaller scale projects (in downtown areas or blighted industrial areas) may be competitive for RDF financing.
