Equity Fund – Rural Workforce Housing Initiative (One Georgia Authority)

Type: Grant or Loan

Deadline(s): 10/13/2023 for December award announcement; 1/12/2024 for April award announcement; 4/12/2024 for June award announcement

With this opportunity, there is financial assistance available via the Equity Fund available in the form of grants and loans for activities that result in housing that meets the needs of working families and others who may consider relocating to a community for employment reasons. Workforce housing funds will be awarded on a competitive basis to projects that demonstrate an ability to address:

- Ongoing workforce housing needs, as identified by a recent housing study;
- Difficulty satisfying workforce needs in communities or regions with low unemployment; or
- A community or regional commitment to expand and improve existing housing stock.

This initiative is intended to provide a flexible funding source to support any eligible activity that results in workforce housing. Examples of such activities include essential community infrastructure specifically needed to support new housing development, land acquisition (subject to public ownership requirements), and construction finance for workforce housing.

Grantees will be expected to demonstrate transformational change in workforce housing. OneGeorgia funds are offered to support housing affordability; therefore, resulting cost savings must contribute to the affordability of the per unit purchase price or rent extended to families who ultimately benefit from the activity.

Infrastructure grants are limited to no more than $2,500,000 per application and development. Construction finance is limited to no more than $1,000,000 per applicant and development. The Authority reserves the right to fund, in whole or in part, any, all, or none of the applications submitted. Applications for less than $250,000 will not be accepted; however, the Authority reserves the ability to waive minimum and maximum funding limits at its discretion.

Matching: Applications are expected to leverage other sources of funding – private debt or equity, philanthropic support, or other public funds. For applicants seeking assistance with infrastructure, there is no prescribed match requirement; however, leverage will factor into an application's overall competitiveness.

Eligible Applicants: Units of general-purpose local government (e.g., city, county, consolidated government), as well as local, regional, and state authorities, generally in partnership with a housing developer, are eligible to apply. The OneGeorgia Authority will also consider offering loans to private developers, including not-for-profits and community housing development organizations, to further the objectives of this initiative. Applicants may only submit applications within OneGeorgia eligible and conditionally eligible counties.

Redevelopment Fund (RDF)

Type: Grant or Loan (Flexible Financial Assistance)

Deadline: Ongoing

Recognizing that redevelopment projects can be the most challenging economic and community development projects a local government may undertake, the Redevelopment Fund (RDF) was created as a set-aside of Georgia's non-entitlement CDBG Program. The RDF provides local governments access to flexible financial assistance to help them implement projects that cannot be undertaken with the usual public sector grant and loan programs. The RDF finances locally initiated public/private

partnerships to leverage investments in commercial, downtown, industrial redevelopment, and revitalization projects that may not proceed otherwise. Unlike other DCA CDBG programs, the RDF uses the CDBG national objective of "eliminating slums or blight." As a result, many smaller scale projects (in downtown areas or blighted industrial areas) may be competitive for RDF financing.
