Redevelopment Fund (RDF)

Type: Grant or Loan (Flexible Financial Assistance)

Deadline: Ongoing

Recognizing that redevelopment projects can be the most challenging economic and community development projects a local government may undertake, the Redevelopment Fund (RDF) was created as a set-aside of Georgia's non-entitlement CDBG Program. The RDF provides local governments access to flexible financial assistance to help them implement projects that cannot be undertaken with the usual public sector grant and loan programs. The RDF finances locally initiated public/private partnerships to leverage investments in commercial, downtown, industrial redevelopment, and revitalization projects that may not proceed otherwise. Unlike other DCA CDBG programs, the RDF uses the CDBG national objective of "eliminating slums or blight." As a result, many smaller scale projects (in downtown areas or blighted industrial areas) may be competitive for RDF financing.

Deadline: Ongoing

Note: Greater Atlanta area only

Description: Our Community-Built Playspace grants are a partnership between your community, one of our dedicated funding partners, and KABOOM! As a Community Partner, you'll lead a process that will center your community's voices — both kids and adults — to design, plan, and build a new playspace using our signature community-build model. Depending on your community's needs, available space on your property, and available funding, KABOOM! offers three different types of playspaces. Once you've submitted an application, KABOOM! will evaluate your eligibility for the different types, and begin a conversation with you to determine which playspace is best for your community's kids. You can preview the application questions here. Take the quiz to confirm your eligibility for this grant. Submit any inquiries through contact form or email apply@kaboom.org.
